xxxxx xxxxx has been on the phone with a well-known, well-respected politician consultant. He was Melissa Oremus's campaign manager. Very bright with numbers. We have come to realize we can't do this without a pro. He is strategic and has a game plan and a to do task list for us. His engagement fee is \$25,000. He is working on national polling but is well known in SC. He will bring us a game plan to this 3 week endeavor absolutely we can do it.

The commitment to make this happen for our town is real and the dedication is needed!!! Personal loans are being secured by two people in our group And we ask that you bring a check tomorrow night.

It is non traceable because it legally goes to a PR firm. We are looking for any special interest groups that would be willing to put up a larger sum of money in addition to our private donations.

Please pass this text along to others that have been invited to the meeting. He's ready to assign everyone a task and we only have to work hard for three weeks!!!

To be specific, we **MUST HAVE** 25 people to write \$1000 checks or 50 people to write \$500 or 250 to write \$100.
